Property type	Land		
Location	Fasnía		
Views	Ocean view		
Sale	850 000 €	Reference	B826
Land	104580m²	Bedrooms	0
Bathrooms	0		

Outstanding land with a qualification for the installation of Renewable Energy projects. There is a preliminary study which indicates a possibility to install wind turbines with approximate power of 9,2 MW. This area on average receives more hours of wind than any other area on the island. Today with the rise of demand for renewable energy and support from the government of the Canary Islands this type of land becomes a precious find for qualified investors.
